

Substitute Teacher Holden Rural Academy

Location: Holden, Alberta, a village southeast of Edmonton, Alberta

<https://holdenruralacademy.ca>

The Holden Rural Academy (HRA) is opening as a public charter school in September 2022. We seek to meet the unique needs of rural students: education that validates their rural experiences, collaborates with local businesses and organizations, and is accessible to every student. Our projected attendance is 55 - 70 students in grades 7 - 12, growing to 100 students by year 3. HRA will operate on a 4 day school week.

About the School: Our philosophy of Place-Based Education capitalizes on local community places, resources and expertise to provide an effective context for learning. We provide our students with an educational environment that employs cooperative strategies to integrate the school and community, and to extend the school curriculum beyond the school.

Candidate Profile: HRA is looking for high-energy, dynamic teachers who are able and willing to embrace rural place-based education. Successful candidates will facilitate active learning experiences built through relationships and trust.

Education: Bachelor of Education Degree

Applications:

Interested candidates who hold a valid Alberta Teaching Certificate, please submit:

- Cover letter
- Resume highlighting skills, attributes and experience
- Two references who have significant knowledge of your professional practice
